

ANNEX G - LIST OF CONSULTEES

Our consultee list is made up of some 3000 organisations, establishments and individuals including:

- statutory consultees
- stakeholders and organisations with whom DfT, DoENI and the agencies have had contact over the last few years
- organisations and individuals that have expressed their interest through various channels in participating in the consultation; and
- organisations and individuals that have participated in related consultations.

Rather than list every consultee the table overleaf below details the main stakeholders and identifies the industry sectors that the consultees represent.

A full list of consultees can be provided on request.
