### DVLA – CONSULTATION ON FEE PROPOSALS

Thank you for your response to the above consultation exercise.

This consultation completed on 21<sup>st</sup> July 2006 and we have now concluded our analysis of the responses received.

I enclose a summary showing the analysis of the responses received, our conclusions and the proposed way forward. The full report will shortly be placed on our DVLA web-site. In the summary, at Annex A, we include a table showing the proposed fees for the next two years agreed provisionally with the Minister, but subject now to final cost justification to HM Treasury. These represent a small variation on Option 2 set out in the consultation.

In our consultation document we said we would undertake a final consultation on the specific fee levels once the preferred option on the overall fees structure had been decided on and once we had been able to forecast actual costs with greater precision.

We have already discussed our fee proposals, with their relatively small modifications from Option 2 in the April 2006 Consultation, with our Stakeholder Group (all our Industry Liaison Group were invited) and would now therefore be pleased to receive any further comments from all respondents to the last consultation to complete this final consultation. These will be taken into account before the fee amendment regulations are drawn up and submitted to Parliament for approval. For this to happen, we would be grateful to receive such comment on or before 8<sup>th</sup> January 2007.

We feel that the two consultations (2004 and 2006) on the principles and details involved in our Fees Regime, together with the ongoing discussions on the issues raised, have improved understanding for all parties of the issues involved and have resulted in more robust and acceptable proposals. We thank you again for your participation.

Yours sincerely

Ieuan Griffiths
