16th December 2011

Dear Mr Macneil

WITHERBY SEAMANSHIP INTERNATIONAL LTD – SEAMANSHIP LIBRARY

Further to your submission, in which you sought the views of the Maritime and Coastguard Agency (MCA) on the Witherby Seamanship International Ltd - Seamanship Library.

On the basis of our meeting at MCA Headquarters and the supplementary information provided, I can confirm that the MCA recognises your CD ROM Seamanship Library [EBK Reader 5 Series] version and/or internet product, incorporating your electronic library of Merchant Shipping Notices & Statutory Instruments as an electronic equivalent enabling ship owners and operators to meet the requirements of the Merchant Shipping (Safety of Navigation) Regulations 2002, in respect of the carriage of Merchant Shipping Notices (MSNs), Marine Guidance Notices (MGNs) and Marine Information Notices (MINs). However, vessels using the Internet version as their primary mode for access must also carry the 2 monthly CD-Rom as back-up.

This recognition is given on the express understanding that the respective "M Notices" are reproduced by you exactly as published by the MCA, in a read-only format that cannot be altered by another party, and that the shipboard CD-ROM used to satisfy the carriage requirements is the latest available from your company.

The MCA also recognises the Seamanship Library as an electronic equivalent for the onboard carriage of IMO instruments such as the SOLAS, MARPOL, LL, COLREG and STCW Conventions and UK Regulations when these publications are required to be carried on board by the ship's Safety Management System manual. This recognition is given on the basis that: safeguards are in place to ensure correctness of their contents and prevent illegal copying; the publications incorporate the latest available amendments; and the IMO publications comply with the terms of your IMO license.

Please sign below as acknowledgement of the above and return the signed copy to the MCA.

Yours sincerely

Capt P Townsend
Navigation Safety Manager
