2 From 2000, containers on Ro-Ro services are mainly classified to rail wagons, shipborne port-to-port trailers and barges.

3 More accurate recording of container/shipborne port-to-port trailers movements in 2005 has meant that the 2005 figures are not directly comparable with earlier years; approximately 315,000 container units which otherwise would have been reported

4 Including unaccompanied trailers until 1999.
