MANUFACTURING ITEMS

ABB Daimler-Benz Transportation

REF NUMBER	DESCRIPTION
CMA 0001	Engineering Drawing - LM & SR Derby. - Drivers Platform and Fall plate to tender. No. 4 Class Freight Engines. Issued 21.10.1919. Replacement Copy 11.5.1954
CMA 0002	Engineering Drawing - Derby. No. 9 C & C Injector Cones. Original drawing issued 28.1.1919. Replacement copy dated 6.9.1948
CMA 0003	Pattern for Cast Anchor
CMA 0004	Rope splicing tool
CMA 0005	Rope splicing tool
CMA 0006	Direct Current Ammeter. Manufactured by Bertram Thomas, Manchester
CMA 0007	Portable Cased Ohmmeter. Manufactured by Eastern, Anderson and Goolden Ltd. London
CMA 0008	Portable Hand Generator in Housing. Capacity 120 volts @ 120 rpm. Manufactured by W T Goolden and Co. London.
CMA 0009	Voltmeter 750v capacity. Manufactured by Weston Electrical Instrument Co., New Jersey, USA. Dated circa 1895.
CMA 0010	Portable cased "Post Office Box" Ohmmeter. Manufactured by Telegraph Works, Silvertown, London
CMA 0011	Portable Cased AC Voltmeter - 25/250v. Manufactured by Everett, Edgecombe, London.
CMA 0012	Portable cased Voltmeter. Manufactured by J Stone & Co Ltd., Deptford
CMA 0013	Portable cased Inclinator. Manufactured by Telegraph Works, Silvertown, London.
CMA 0014	Portable, cased Electric Test Kit including Ammeter and Voltmeter. Manufactured by Everett, Edgecombe of London and Marked "Electric Shop Loco"
CMA 0015	Linear Pressure Gauge (mounted)
CMA 0016	Rail Section marked "Crewe 18774"
CMA 0017	Electric Torch with Handle and Belt Clip. Manufactured by Nife Batteries and marked "R. Alcock 9717 Electrician".
