IMPORTANT INFORMATION

Welsh Traffic Area - Change of Postal Address for Public Service Vehicle Operators.

Following a review by VOSA of its operations, the processing of Operator licence applications will be moving from the regional Traffic Area Offices to a central processing unit in Leeds.

This note contains important information about forthcoming changes to the Postal Address of the Welsh Traffic Area.

Centralisation will deliver more consistent handling of applications and an improved service with one correspondence address for all operator licensing.

The central processing unit will support the existing Traffic Commissioners and their role as the independent Licensing Authority will not be affected. Licences will continue to be issued by the Traffic Commissioners with the central unit processing applications for licences under each Traffic Commissioners' delegated authority.

Traffic Area boundaries will remain unchanged and Public Inquiries will continue to be held in the area of each Traffic Commissioner.

Legal Requirements at Sporting Events

Carriage of passengers to designated Sporting Events Voluntary Guidelines - England and Wales

For some years the coach industry has complied with a voluntary code of practice whereby operators taking passengers to a designated sporting event meet certain guidelines set by the police. This has worked very well, and it has seldom been necessary for a Traffic Commissioner to take any further action against an operator who has contravened the guidelines. Nevertheless the police in England and Wales are concerned that football hooliganism is again on the increase, and have asked the Commissioners to remind PSV operators of the guidelines. This has been done in conjunction with the Confederation of Passenger Transport (CPT).

PSV operators are reminded of the terms of Section 1 (1) of the Sporting Events (Control of Alcohol) Act 1985, as amended by the Public Order Act 1986, which prohibits the carriage of alcohol on a PSV that is being used for the principal purpose of carrying passengers for the whole or part of a journey to or from a designated sporting event.

A “designated sporting event” generally means any association football match, whether national or international. The full legal definition of “designated sporting events” may be found in The Sports Grounds and Sporting Events (Designation Order) 1985, as amended by SI 1520/1987.

It is an offence for an operator of a PSV (or his servant or agent) knowingly to cause or permit the carriage of alcohol on journeys to which these Regulations apply.

In addition to these statutory provisions, the police have asked that operators comply with the following guidelines when conveying passengers to such sporting events:

- a. Coach operators taking bookings from groups of supporters are to notify the police liaison officer at the destination, at least 48 hours before the event, of the number of supporters expected to travel and the number of coaches booked.
- b. Coaches are not to stop within 10 miles of the venue either en route to or on departure from the event unless prior agreement is obtained from the local police liaison officer.

c. Unless directed otherwise by a police officer, coaches may stop at premises where intoxicating liquor is sold only if it is sold ancillary to a substantial meal. Prior agreement for meal stops where alcohol is available should be sought from the operator's local police liaison officer.

d. Coaches are to arrive at the venue no earlier than two hours before and not later than one hour before the scheduled start of the game, unless otherwise directed by police.

e. Coaches are not to set down or uplift passengers at any unauthorised locations without prior permission of the police.

f. Coaches must leave the venue within one hour of the finish of the event.

g. Intoxicating liquor must not be carried on coaches travelling to or from designated grounds. Operators will draw hirers' attention to the requirements of the law, and drivers shall, as far as reasonably practical, supervise boarding passengers and check that they are not obviously carrying intoxicating alcohol. Drivers will not be expected to carry out baggage or body searches, nor will they be expected to confiscate alcohol or to remove passengers without police assistance.

Operators are asked to comply with these guidelines on a voluntary basis. However if the police inform the Traffic Commissioner of any failure on an operator's part to comply with them the Commissioner will consider applying them as a formal condition to that operator's licence under the authority of Section 16(3) of the Public Passenger Vehicles Act 1981."

PSV Operator Licensing

Inspection of licence applications can be requested under the provisions of Regulation 4 of the Public Service Vehicles (Operators' Licences) Regulations 1995 by anybody who holds statutory Objector status. Applications may be inspected free of charge at the Traffic Commissioner's office by any person who carries written authorisation to act in that capacity. Alternatively, copies of weekly publications can be obtained by either an annual subscription of £91 or £3.50 for individual publications. Details can also be viewed by visiting **the VOSA website at www.transportoffice.gov.uk**

Objections against applications for licences may be made in writing by a Chief Officer of Police or local authority within 21 days after the date on which notice of an application is published in Notices and Proceedings. Objections must be made on the grounds that one or more of the requirements mentioned in Section 14(1) and (3) of the Public Passenger Vehicles Act 1981 are not satisfied in relation to the application. A copy of the objection must be sent by the Objector to the applicant at the same time that it is sent to the Traffic Commissioner. The onus of proof in terms of the grounds on

which an objection is lodged lies with the objector. There is no right of objection against an application for a special licence submitted under Section 12 of the Transport Act 1985.

Classification of Operator Licences - There are four classes of licence: -

- A **Standard International (S/I)** licence authorises the use of any description of public service vehicle on both National and International operations;
- A **Standard National (S/N)** licence authorises the use of any description of public service vehicle on National operations;
- A **Restricted licence (R)** authorises the use of (a) public service vehicles not adapted to carry more than eight passengers and (b) those not adapted to carry more than sixteen passengers when used otherwise than in the course of a business of carrying passengers or by a person whose main occupation is not the operation of public service vehicles adapted to carry more than eight passengers;
- A **Special Restricted (SR)** licence under Section 12 of the Transport Act 1985 is granted to the holder of a taxi licence to enable local services to be operated.

Appeals in connection with PSV Operator Licences must be lodged with the Transport Tribunal, Procession House, 55 Ludgate Hill, London EC4M 7JW not later than 28 days after the date of the letter conveying the Traffic Commissioner's (or Deputy Traffic Commissioner's) decision. A copy of the appeals booklet is available from the Traffic Area Office on request. Appellants can alternatively obtain guidance on lodging appeals by visiting the **VOSA website** at www.transportoffice.gov.uk

Any previous entry in Notices and Proceedings is indicated by the publication number in brackets.

Registration Of Local Bus Services

The current fees for new and variation application can be found on our website,
www.transportoffice.gov.uk, under the “general info” tab, “latest fees”; or [click here](#). Applications to
cancel registrations are free.

When an application is sent to the Traffic Area Office, a copy of all application forms and
supporting documents must also be sent to each of the County Councils and Unitary Authorities in
whose area the service will operate. Failure to do so may delay acceptance of that application.

Some of the periods of notice applicable before the operation of registered services, including
variations or cancellations, are at the discretion of the Traffic Commissioner. In such cases the
application must be accompanied by a written explanation of why a short notice period is required.

Any registration may be inspected at the office of the Traffic Commissioner during public business
hours and copies of registrations can be sent by post or fax to any interested party upon prior receipt of
a written request together with a fee of £3.00 per copy for posted copies or £5.00 per copy for faxed
copies.

-This Operator has no excuses for the 7 instances of early running, of the 5 instances of late running I accept the actual excuse for the 2 on RVE 701, thus give rise to a punctuality of 77% (76.92). This would equate to a penalty in the area of £430.00 per vehicle, however I do take into account of the complexity and the lengths of the routes operated, and the steps taken by the operator subsequently to address the issues.

That being said I can consider a penalty of £325.00 per vehicle appropriate, which, has there is only one vehicle is £325.00 in total, payable to Welsh Assembly within 3 months.

Non payment of penalty will go to the issue of repute.
