IMPORTANT INFORMATION
Scottish Traffic Area - Change of Postal Address from now onwards for Goods Vehicle Operators and Public Service Vehicle Operators.

Following a review by VOSA of its operations, the processing of Operator licence applications will be moving from the regional Traffic Area Offices to a central processing unit in Leeds.

This note contains important information about forthcoming changes to the Postal Address of the Scottish Traffic Area.

Centralisation will deliver more consistent handling of applications and an improved service with one correspondence address for all operator licensing.

The central processing unit will support the existing Traffic Commissioners and their role as the independent Licensing Authority will not be affected. Licences will continue to be issued by the Traffic Commissioners with the central unit processing applications for licences under each Traffic Commissioners' delegated authority.

Traffic Area boundaries will remain unchanged and Public Inquiries will continue to be held in the area of each Traffic Commissioner.

PSV Operator Licensing

Inspection of licence applications can be requested under the provisions of Regulation 4 of the Public Service Vehicles (Operators' Licences) Regulations 1995 by anybody who holds statutory Objector status. Applications may be inspected free of charge at the Traffic Commissioner's office by any person who carries written authorisation to act in that capacity. Alternatively, copies of weekly publications can be obtained by either an annual subscription of £91 or £3.50 for individual publications.

Objections against applications for licences may be made in writing by a Chief Officer of Police or local authority within 21 days after the date on which notice of an application is published in Notices and Proceedings. Objections must be made on the grounds that one or more of the requirements mentioned in Section 14(1) and (3) of the Public Passenger Vehicles Act 1981 are not satisfied in relation to the application. A copy of the objection must be sent by the Objector to the applicant at the same time that it is sent to the Traffic Commissioner. The onus of proof in terms of the grounds on which an objection is lodged lies with the objector. There is no right of objection against an application for a special licence submitted under Section 12 of the Transport Act 1985.

Classification of Operator Licences - There are four classes of licence: -

- A **Standard International (S/I)** licence authorises the use of any description of public service vehicle on both National and International operations;
- A **Standard National (S/N)** licence authorises the use of any description of public service vehicle on National operations;
- A **Restricted (R)** licence authorises the use of (a) public service vehicles not adapted to carry more than eight passengers and (b) those not adapted to carry more than sixteen passengers when used otherwise than in the course of a business of carrying passengers or by a person whose main occupation is not the operation of public service vehicles adapted to carry more than eight passengers;
- A **Special Restricted (SR)** licence under Section 12 of the Transport Act 1985 is granted to the holder of a taxi licence to enable local services to be operated.

Appeals in connection with PSV Operator Licences must be lodged with the Transport Tribunal, Procession House, 55 Ludgate Hill, London EC4M 7JW not later than 28 days after the date of the letter conveying the Traffic Commissioner's (or Deputy Traffic Commissioner's) decision. A copy of the appeals booklet is available from the Traffic Area Office on request.

Any previous entry in Notices and Proceedings is indicated by the publication number in brackets.

Registration Of Local Bus Services

The current fees for new and variation applications can be found on the VOSA website. Applications to cancel registrations are free.

Before an application is sent to the Traffic Commissioner, the operator must inform the relevant local authorities/ SPT 14 days before submission. The operator will be required to demonstrate to the Commissioner that this requirement has been met before the application can be accepted. Until such times as revised application forms are available operators should enclose a copy of the letter sent to the local authorities/SPT with the application to the Traffic Commissioner.

Some of the periods of notice applicable before the operation of registered services, including variations or cancellations, are at the discretion of the Traffic Commissioner. In such cases the

application must be accompanied by a written explanation of why a short notice period is required along with, if appropriate, a letter from the local authorities/SPT indicating support.

Any registration may be inspected at the office of the Traffic Commissioner during public business hours and copies of registrations can be sent by post or fax to any interested party upon prior receipt of a written request together with a fee of £3.00 per copy for posted copies or £5.00 per copy for faxed copies.

Legal Requirements at Sporting Events

Carriage of passengers to designated Sporting Events Voluntary Guidelines - Scotland

Section 70 of Part V of the Criminal Justice (Scotland) Act 1980, confers liability on operators of PSVs that are being operated for the principal purpose of conveying passengers to or from a designated sporting event.

Designation of sports grounds and sporting events is by [the Secretary of State for Scotland], by order under terms of section 68 of the Act, and those grounds and events designated are listed in The Grounds and Sporting Events (Designation) (Scotland) Order 1985, as amended.

It is an offence for the operator of a PSV, or his servant or agent, knowingly to cause or permit the carriage of alcohol on journeys to which these Regulations apply.

In addition to these statutory provisions, the police have asked that operators comply with the following guidelines when conveying passengers to all such sporting events south of the Border:

- a. Coach operators taking bookings from groups of supporters are to notify the police liaison officer at the destination, at least 48 hours before the event, of the number of supporters expected to travel and the number of coaches booked.
- b. Coaches are not to stop within 10 miles of the venue either en route to or on departure from the event unless prior agreement is obtained from the local police liaison officer.
- c. Unless directed otherwise by a police officer, coaches may stop at premises where intoxicating liquor is sold only if it is sold ancillary to a substantial meal. Prior agreement for meal stops where alcohol is available should be sought from the operator's local police liaison officer.
- d. Coaches are to arrive at the venue no earlier than two hours before and not later than one hour before the scheduled start of the game, unless otherwise directed by police.
- e. Coaches are not to set down or uplift passengers at any unauthorised locations without prior permission of the police.
- f. Coaches must leave the venue within one hour of the finish of the event.
- g. Intoxicating liquor must not be carried on coaches travelling to or from designated grounds. Operators will draw hirers' attention to the requirements of the law, and drivers shall, as far as reasonably practical, supervise boarding passengers and check that they are not obviously carrying intoxicating alcohol. Drivers will not be expected to carry out baggage or body searches, nor will they be expected to confiscate alcohol or to remove passengers without police assistance.

Operators are asked to comply with these guidelines on a voluntary basis. However if the police inform the Traffic Commissioner of any failure on an operator's part to comply with them the Commissioner will consider applying them as a formal condition to that operator's licence under the authority of Section 16(3) of the Public Passenger Vehicles Act 1981."

All operations within Scotland should continue to comply with police restrictions in force at individual events.
