## Section 2 – PSV Operator Licensing

**Inspection of licence applications** can be requested under the provisions of Regulation 4 of the Public Service Vehicles (Operators' Licences) Regulations 1995 by anybody who holds statutory Objector status. Applications may be inspected free of charge at the traffic area office in Leeds by any person who carries written authorisation to act in that capacity.

**Objections against applications for licences** must be made in writing by a Chief Officer of Police or by a local authority within 21 days of the date on which notice of an application is published in Notices and Proceedings. Objections must be made on the grounds that one or more of the requirements mentioned in Sections 14(1) and (3) of the Public Passenger Vehicles Act 1981 are not satisfied in relation to the application. A copy of the objection must be sent by the objector to the applicant at the same time that it is sent to the Traffic Commissioner. The onus of proof in terms of the grounds on which an objection is lodged lies with the objector. There is no right of objection against an application for a special licence submitted under Section 12 of the Transport Act 1985.

**Classification of Operator Licences** – There are four classes of licence:

- A **Standard International (SI)** licence authorises the use of any description of public service vehicle on both national and international operations;
- A **Standard National (SN)** licence authorises the use of any description of public service vehicle on national operations;
- A **Restricted licence (R)** authorises the use of:
  - a) public service vehicles not adapted to carry more than eight passengers; and
  - b) those not adapted to carry more than sixteen passengers when used otherwise than in the course of a business of carrying passengers or by a person whose main occupation is not the operation of public service vehicles adapted to carry more than eight passengers;
- A **Special Restricted (SR)** licence, issued under Section 12 of the Transport Act 1985, authorises the holder of a taxi or private hire vehicle licence to operate local services.

**Appeals in connection with PSV Operator Licences** must be lodged with the Upper Tribunal – Administrative Appeal Chamber (Transport), 7th Floor, Victory House, 30-34 Kingsway, London, WC2B 6EX not later than 28 days after the date of the letter conveying the Traffic Commissioner's (or Deputy Traffic Commissioner's) decision. Appellants can obtain guidance on lodging appeals, including downloading the appeal form, from the website: [www.administrativeappeals.tribunals.gov.uk](http://www.administrativeappeals.tribunals.gov.uk)

20TIR YR YSPYTY, BYNEA , LLANELLI SA14 9AZ

Operating Centre: YARD OPPOSITE UNITS 6,7 & 8, CWMDU INDUSTRIAL ESTATE, CARMARTHEN ROAD, GENDROS, SWANSEA SA5 8JF

Authorisation:2 Vehicle(s).

New Condition: The service must have been advertised to the public, so as to create a genuine opportunity for members of the public to be carried on the particular journey in question. i.e. the journey is not an exclusive hiring for an individual or group.

Advertisement at a place of worship, a place of work, a club or other voluntary association for the information of people present at those places, or in periodicals circulated wholly or mainly among such persons, does not count as advertisement to the general public.

Or

The service was not advertised as per condition 1, but the arrangements for (i) bringing together the passengers, and (ii) the payment of separate fares, were initiated by the driver, operator or owner of the vehicle, or some other intermediary who is paid for doing so – not by the passengers themselves, or any other party. This condition might be met where the transport provider has identified a number of people each wanting to make the same journey, and has suggested to them that they might want to travel together and split the cost.

Attached to Licence.

New Undertaking: The operator will advise the Office of the Traffic Commissioner of the type and registration numbers of vehicles used under that licence, and will advise of any changes - s20 (3) of the 1981 Act.

The operator will send in the original V5 document to the Office of the Traffic Commissioner, and will not use any vehicle without prior written approval from the traffic commissioner.

Each stretch limousine to be used under the licence will have a V5 registration book, and the operator must possess and produce when asked to do so a document confirming this.

Each stretch limousine will receive a full safety inspection (maximum every 10 weeks) in premises suitable for the vehicle to ensure that its roadworthiness is maintained. Records of all inspection must be kept in accordance with the Guide to Maintaining Roadworthiness.

At no time will the stretched limousine carry more than 8 passengers.

The operator will at all relevant times comply with the legislation in respect of charging separate fares and retain 12 months evidence of this compliance of each journey.

Drivers of a stretched limousine will carry with them documentary evidence that separate fares have been charged for the current journey.

The operator will comply with sections 2 and 6 of the Transport Act 1985 with regard to local service registration and must be able to show compliance with these sections to VOSA, on request. This will include proof of payment of separate fares and either:

- Proof that passengers have travelled more than 15 miles. This will usually be evidence by showing postcodes; or

- Proof that the service is an excursion or tour and falls outside the definition of a local service.

The operator will not use a vehicle that does not meet the ECWVTA standards or GB construction and use requirements.

The operator will not use any vehicle that the traffic commissioner considers to be an illegal practice such as “dry hiring” or purporting to operate under specious and irrelevant authority such as references to schedule 6 or section 6 (which usually refers to a construction and use provisions to allow the driving of a vehicle for private use - as opposed to hire and reward), in an effort to circumventing the operator licensing requirements.

If the operator seeks to use the “tours and excursions” exemption to the 15 mile rule, again this will be evidenced and readily available to VOSA. This may be on the booking form. The limits of the “tours and excursions” exemption will also be fully understood by the operator, for example it cannot be available for more than 6 weeks.

The operator or driver will not break the alcohol laws. Attached to Licence.
