Dear

FREEDOM OF INFORMATION ACT 2000

I refer to your request for information, made in June 2007, and the response sent to you on 26 July 2007.

In your correspondence dated 30 June 2007, you asked if VOSA had been consulted in respect of Assembly Government safety assessments or operational concerns for HGV users of the A494/A55 roads close to this site.

In the response letter sent to you on 26 July 2007, it was stated at that time VOSA had not been consulted in respect of the above.

We can now advise that we have been made aware that Transport Wales (part of the Welsh Assembly Government) and VOSA are working together to develop a plan for a new inspection and weighbridge site west of the A494 at Ewloe. An interim facility in the large load lay-by adjacent to the Queensferry roundabout is being considered as a temporary replacement for VOSA's current facility at Ewloe.

If you have any queries about this letter, please contact us, quoting reference **F0000838**.

Yours sincerely

VOSA Information Access
