

## Application to Register a Bus Service

The **"Guide to local bus service registration [PSV353A]"** will help you fill in this form. If you have any further problems, contact the licensing team in your local Traffic Area Office or telephone the VOSA National Enquiry Number 0870 60 60 440. Where the rules allow the Traffic Commissioner to accept less than 56 days notice of this registration, you should also fill in and attach form PSV350A. If the service has stopping places in the Greater London area, you will also need a London service permit from Transport for London. Do not use this form but form PSV381. **You must send the correct fee with this form (see separate fee schedule).**

☼ **Notes**

Shorter period notice – You cannot normally start less than 56 days from the date when the Traffic Commissioner accepts the registration. Appendix 3 to the guide explains the limited cases when a shorter period of notice can be accepted. When these cases apply you must also complete and attach form PSV 350A.

Bus Service Operators' Grant (formerly known as Fuel Duty Rebate) – You may be eligible for a grant which is payable to operators of registered local services provided the services are not excursions or tours. Certain conditions apply, details of which can be found in leaflet PSV 360.

Failure to provide the registered service or failure to comply with or contravention of legislation – The Traffic Commissioner has powers to impose such penalty as he thinks fit on an operator if he is satisfied that the operator has failed to provide a service as registered; has operated in contravention of Section 6 of the 1985 Act or operated contrary to other relevant legislation.

Any penalty imposed shall not exceed:

- £550 or
- such other amount as the Secretary of State (as respects England) or the National Assembly for Wales (as respects Wales) may by order specify multiplied by the total number of vehicles which the operator is licensed to use under all the PSV operator's licences held by him/her.
