I ask the Traffic Commissioner's permission to:

Start

Change

Cancel

a local bus service with less than 56 days notice.

I wish to change the timetable for all or part of the week which includes 24 and 25 December, Good Friday or any bank holiday.

You must give at least 21 days notice from the date of acceptance of the application.

The new service/change will replace a substantially similar service which I or another operator has stopped or intends to stop operating.

Please give the name of operator of discontinued service

The service to be changed or cancelled is either not available to the general public or is not generally used by them (eg. works or school services).

The police, or a traffic authority have asked me to change/cancel this service on road safety grounds, or on a matter concerning road traffic regulation.

Please enclose evidence (eg. a copy of a letter from the traffic authority or police).

The new service/change will apply for a period of no more than 21 days and will cater for the additional demands of a special occasion or event.

Please say what the event or occasion is.

The service timetable will be changed:

in timings no more than 10 minutes earlier or later than registered; or

to match the service with an altered connecting rail, ferry or air service.

Please say which connecting service.

The change or suspension will last for a period of 14 days or less which is a local public holiday or a holiday widely observed in the area.

Please give details.

The registration or variation of the service or part of the service is required in order to meet an urgent and exceptional public passenger transport requirement.

Please give details.

None of the above applies, but I wish to start/change/cancel a service for reasons which could not have been foreseen at 56 days notice.

Please explain why.

If the registration, cancellation or change you wish to make does not satisfy one of the cases given above the Traffic Commissioner will not allow it to take effect until 56 days after he accepts the application. The Traffic Commissioner reserves the right to refuse to allow a service to start at less than 56 days notice even if it is claimed that one of the above cases is satisfied.

I declare that, as far as I know, the information I have given is true and correct.
